

*Introducing
the world's first
Jet Kayak*

Water sports like you've never experienced before.

OCEAN BLUE[®]

YACHTS • CHARTERS • MARINAS

There is nothing more exhilarating than ripping across the surface of the water at 40 kmph!!!

Aquanami and Ocean Blue India bring you, for the first time in India, the Jet Kayak.

A light, nimble and extremely fun watercraft that is redefining water sports and personal leisure time.

After a decade of research and development, Aquanami filed a patent for this unique personal watercraft in the United States. Presently available in the US and Europe, the importance of the Indian market cannot be emphasised as Aquanami chose to launch it in India as their second port of call.

Take it fishing, go explore untouched beaches or just take it out for the day with family and friends.

It's lightweight, so just a couple of you can easily launch it. Nimble, so it's easy to handle and manoeuvre, whether you're in a lake, river or the wide open sea. Small enough to fit on the top of your car or the back seat of an SUV. The Jet Kayak is the ultimate multi-utility watercraft.

It's tons of fun.

You're so close to the water, that you taste the sea, the surf and the salt. With the wind in your hair and the sun in your face, you'll experience a sense of freedom like never before.

And if you're wondering about storage and maintenance, with Ocean Blue India's 'Stow & More', you'll never have to worry about a thing again. Our dedicated storage facilities (presently available only at Mandwa, Alibaug) and team of experienced technicians are here to look after your every need. Call us a day ahead and the Jet Kayak will be primed, fuelled and ready to go.

**Aquanami is an American company with U.S. patentship*

Jet KAYAK

The Jet Kayak starts on neutral without moving forward adding a whole new level of safety and its braking reverse lets you manoeuvre through tight spaces with great confidence. Thanks to its amazingly shallow draft and direct drive jet propulsion, you can go to places as shallow as 10 inches deep. The centrally located joystick is simple to use, easy to control and provides incredible manoeuvrability.

- Two fishing rod mounting bases
- Easy to use joystick; adjustable foot pedals
- On board display
- Dry weight: 60 kg
- Rider weight limit: 86 kg
- Electric start
- Max speed: 40 km/hr
- Endurance: 2 hours at full throttle
- Fuel consumption: 4 ltrs per hour

LIGHTWEIGHT

Jet SURF BOARD

With the new Jet Surf Board, go beyond conventional surfing. The cable handle controller is easy to operate, light weight and designed for comfort with maximum grip. Speed is easily controlled with the handheld throttle and direction can be changed with the shift of your weight, which allows for amazing speed and manoeuvrability. Thereby giving you an exhilarating experience of ripping through the waves. This superior surfboard is ideal for both flat and rough waters. (Although we highly recommend prior knowledge and proper training before attempting the Jet Surf Board)

- Handheld throttle with start and stop button
- Non-slip foot pad
- 2 snap-in-fins
- Dry weight: 54 kg
- Electric start
- Max speed: 40 km/hr
- Closed loop water cooling system
- Endurance: 2 hours at full throttle
- Fuel consumption: 4 ltrs per hour

NIMBLE

Jet FISHING KAYAK

Jet Fishing Kayak re-defines traditional kayaking allowing you to glide through water with ease. Let the Jet Fishing Kayak be your guide and fulfil your passion for exploration with power and easy manoeuvrability. This superior watercraft doesn't let the distance, wind and the current get in the way of your passion. Not to mention the fatigue of rowing a traditional kayak.

- Sit-in style with enclosed hull design
- Two fishing rod holders and two fishing rod mounting bases
- Dry weight: 54 kg
- Rider weight limit: 91 kg
- Max speed: 40 km/hr depends on rider's weight and sea (wave) condition
- Endurance: 2 hours at full throttle
- Fuel consumption: 4 ltrs per hour

PORTABLE

Service & Support:

A great product is not complete without the availability of comprehensive service and support. Especially in India, where boating and water sports is still in its infancy. The need for prompt availability of spares and trained technicians is as important as the product you choose.

At Ocean Blue we take pride in having developed a strong team of trained technicians to ensure you can enjoy hours of uninterrupted fun with family and friends. Currently present in Maharashtra, Karnataka, Kerala, Andaman & Nicobar and Odisha, Ocean Blue will soon be present in most coastal states and areas with developed lake front tourism. Ensuring you get service where ever you are.

Ocean Blue:

Ocean Blue is India's largest boating group, with diverse interests across dealerships, charters, marina development & management, yacht management services, water sports and interests in leisure & commercial boat manufacturing.

Rarely does an organisation bestride its field of expertise and encapsulate these attributes quite like Ocean Blue. Put simply, it is the driving force of the revolution that is rapidly transforming India's vast coastline and innumerable waterfronts into the most exciting boating destination in the world.
